A Bro never publicly reveals how many chicks he's banged.

COROLLARY: A Bro also never reveals how many chicks *another* Bro has banged.

When a chick meets a Bro, there are three things she wants to know:

1. How much money does he make?
2. Is he shorter than her?
3. How many chicks has he banged?

Eventually, she will figure out the first two, but a Bro never answers the third question. If, however, a Bro feels compelled to answer (i.e., sex is being withheld until he supplies a tally), he can calculate an acceptable number using the following formula:

**HOW MANY CHICKS IS IT SAFE FOR
A BRO TO SAY HE'S BANGED?**

$$n = (a/10 + s)^0 + 5$$

n = number of chicks

a = Bro's age

s = inquiring chick's slut factor (1 = nun, 10 = former nun)
