## ARTICLE 2

*A Bro is always entitled to do something stupid, as long as the rest of his Bros are all doing it.*

NOTE: Had Butch Cassidy come charging out of that cabin alone, people would have been like, "Dude, come on." If only one Spanish dude had decided to run down the street in front of a bunch of angry bulls, people would've been like, "Dude, come on." If only Tommy Lee had worn eyeliner in the early days of Mötley Crüe, people would have been like, "Lady, come on." The license to be stupid is why we have Bros in the first place.
